

Math

Grade 1

St. Patrick's Day math: fill the pot of gold

Count and add gold coins and shamrocks within 20.

I can add and subtract within 20.

1

Count the luck

Count each group and write the number.

=

=

=

=

2

Coin math

Write the answer.

1. 7 coins + 6 coins = _____ coins
2. The pot has 15 coins. 8 fall out. _____ are left.
3. $10 + 9 =$ _____
4. $14 +$ _____ $= 20$

3

More or less?

Write $>$, $<$ or $=$ in each circle.

$9 + 4$

12

$18 - 8$

10

$7 + 7$

15

11

$20 - 10$

4 Shamrock problems

Circle the right answer.

1. Each shamrock has 3 leaves. How many leaves are on 2 shamrocks?

A 5

B 6

C 9

2. Ava finds 11 coins. Max finds 5. How many more does Ava find?

A 5

B 6

C 16

3. Which makes 20?

A $10 + 10$

B $15 + 4$

C $12 + 7$

5 Fast facts

Write the answer.

1. $5 + 6 =$ _____

2. $8 + 8 =$ _____

3. $12 - 4 =$ _____

4. $9 + 3 =$ _____

5. $17 - 7 =$ _____

6. $6 + 7 =$ _____

7. $15 - 6 =$ _____

8. _____ $+ 5 = 14$

6 Rainbow road

Write the missing numbers on the number line.

7 Adding grid

Add the number in each row to the number at the top.

+	2	5	8
3			
6			
9			

8 Lucky or not?

Is it right? Circle True or False.

1. $10 + 5 = 15$

True

False

2. $9 + 9 = 19$

True

False

3. $20 - 5 = 15$

True

False

4. $7 + 4 = 12$

True

False

5. $13 - 3 = 10$

True

False

9

Your pot of gold

Draw a pot with 16 gold coins: 10 coins in one pile and 6 in another pile.

How did it go?
