

Math

Grade 1

Valentine's Day math: candy heart count

Count, sort and graph candy hearts by color, then add within 20.

I can count, add within 20 and read a simple graph.

1

Count by color

Count each color and write the number.

=

=

=

=

2 + Add the hearts

Use your counts. Write the answer.

1. Red + yellow: $7 + 5 =$ _____
2. Green + purple: $4 + 3 =$ _____
3. Red - purple: $7 - 3 =$ _____
4. All the hearts: $7 + 5 + 4 + 3 =$ _____

3 More or less?

Write $>$, $<$ or $=$ in each circle.

7

5

4

$3 + 1$

$5 + 3$

9

12

$7 + 4$

4 Heart questions

Circle the right answer.

1. Which color has the most hearts?

A red B yellow C purple
2. Which color has the fewest hearts?

A green B purple C yellow
3. You give away 6 of 19 hearts. How many are left?

A 12 B 13 C 25

5 Fast facts

Write the answer.

1. $6 + 5 =$ _____
2. $9 + 4 =$ _____
3. $14 - 6 =$ _____
4. $8 + 7 =$ _____
5. $11 - 5 =$ _____
6. $3 + 9 =$ _____
7. $16 - 8 =$ _____
8. _____ $+ 6 = 13$

6 Hop by 2s

Count by 2s. Write the missing numbers.

7 Double the hearts

Double each number. Write the answer.

Hearts	Double
3	
5	
6	
9	

8 Right or wrong?

Circle True or False.

1. $5 + 5 = 10$

True

False

2. $8 + 4 = 13$

True

False

3. $15 - 5 = 10$

True

False

4. $6 + 6 = 11$

True

False

5. $20 - 10 = 10$

True

False

9 Heart graph

Make a graph. Draw one heart in a column for each candy: red 7, yellow 5, green 4, purple 3.

How did it go?

$>$

$7 + 4$

4 Heart questions

Circle the right answer.

1. Which color has the most hearts?

☒ A red

☐ B yellow

☐ C purple

2. Which color has the fewest hearts?

☐ A green

☒ B purple

☐ C yellow

3. You give away 6 of 19 hearts. How many are left?

☐ A 12

☒ B 13

☐ C 25

5 Fast facts

Write the answer.

1. $6 + 5 =$ 11

2. $9 + 4 =$ 13

3. $14 - 6 =$ 8

4. $8 + 7 =$ 15

5. $11 - 5 =$ 6

6. $3 + 9 =$ 12

7. $16 - 8 =$ 8

8. 7 $+ 6 = 13$

6 Hop by 2s

Count by 2s. Write the missing numbers.

7 Double the hearts

Double each number. Write the answer.

Hearts	Double
3	6
5	10
6	12
9	18

8 Right or wrong?

Circle True or False.

1. $5 + 5 = 10$

True

False

2. $8 + 4 = 13$

True

False

3. $15 - 5 = 10$

True

False

4. $6 + 6 = 11$

True

False

5. $20 - 10 = 10$

True

False

9 Heart graph

Make a graph. Draw one heart in a column for each candy: red 7, yellow 5, green 4, purple 3.
